Boggy Creek Animal Hospital

Kissimmee, FL | www.boggycreekanimalhospital.com

Focus

Small Animal GP
Small Animal ER

About the Hospital

This is a 3 doctor practice located in Kissimmee, Florida. They are focused on small animal with services include wellness such as dental care, vaccinations, senior pet care; advanced care including surgery, lab and diagnostics, laser, radiology, CT, and echocardiograms; urgent care during opening hours.

About the Externship

Extern tasks and responsibilities may include:

Shadow the doctors within the hospital during different activities; appointments, surgery, urgent care cases, emergency cases. The extern would be assigned to each of our doctors for a period, so that they can experience a variety of situations. We have a new expanded surgical suite that will be complete January 2023 with all new and improved equipment, which will really allow the extern that is interested in surgery to get some hands on experience. We will provide active mentorship to aid in developing technical skills while participating in rounds, surgery, treatments, and consultations with clients.

Desired skillsets:

We are looking for externs invested in building trusting relationships with the clients, their colleagues, and the community. A candidate should be motivated for continuous personal and professional growth. A team player, willing to jump-in when needed. A positive attitude and desire to learn, we love a questioning attitude as well! Finally, a mindset and drive to grow skillset and the desire to be mentored.
