About the Hospital

This is a 1 doctor practice located in Newburgh, Indiana. This hospital focuses on exams, vaccines, surgery, anesthesia, nursing care, pharmaceuticals, and dentistry.

About the Externship

Extern tasks and responsibilities may include:

Under the supervision of your mentor doctor, you will gather histories, perform physical examinations, develop diagnostic and therapeutic plans, scrub in to surgery, assist in the management of medical cases, provide wellness care, develop your client communication skills, polish your technical skills, and produce appropriate medical records within the time limits of daily practice.

Desired skillsets:

We are a smaller town so we hope to have someone who is family and client driven. As a clinic, we like to hang out and have fun after providing the best care for our patients so we need someone enthusiastic and willing to go above and beyond. We also need someone with excellent communication both written and verbal.
