Small Animal GP

About the Hospital

This is an AAHA-accredited hospital with two locations located in Live Oak and Lake City, Florida. The hospital is focused on small animals including wellness care, preventative medicine, dentistry, diagnostic imaging, surgery, and urgent care.

About the Externship

Extern tasks and responsibilities may include:

Extern will work side-by-side with owner/primary practice veterinarian. Hands on experience will include exams, treatment plan development, diagnostic testing interpretation, surgery and client communication. Practice 1 management factors will also be reviewed and discussed throughout the externship.

Desired skillsets:

Best matches for Caring Hands Animal Hospitals are positive, outgoing students with a curious mind and solid work ethic. The more motivated the student is, the more they will get to do!
